

## South Central Conference Mennonite Women

To our dear sisters throughout South Central Conference:

Greetings to each of you from the executive committee of the South Central Conference Mennonite Women. You are receiving this letter as the contact person or pastor of a congregation affiliated with our conference.

Our organization seeks to be a resource to women in your congregation. In doing so, our goal is to partner with you to make funds available to women or women's groups in need. Included in this mailing you will find the brief application form that must be completed in order for a request to be considered. You, and others in your church, are likely aware of many needs throughout your community that we may not know of. We invite you to share this form throughout your congregation, as appropriate, and encourage women to apply for assistance. Additional forms will soon be available on the South Central Conference web site, on the Mennonite Women's page.

Many supporters help make this funding possible. In addition to the opportunity to apply for funding, there is also the opportunity to support this fund. All contributions are tax deductible. Gifts may be sent to the attention of our treasurer, Myrna Cherry, at PO Box 914 Hesston, Kansas 67062.

We hope you will encourage women in your congregation to be involved in this effort, either through applying for funding or through supporting this fund financially. Our goal is to promote women helping women in as many ways as possible. Thank you for participating in this mission.

Blessings to you as you seek to do the Lord's work in your area congregations and communities.

Carolyn Rychener  
President

Myrna Cherry
